- a. The Lead Agency shall be responsible for the design, construction and/or installation of the Project in accordance with this Agreement and all applicable public roadway, traffic signal, and street lighting design and construction standards. Design Standards are federal, state, county or municipal standards for engineering, traffic, safety or public works facilities design. The Lead Agency shall immediately provide to the Authority copies of any and all contract documents and related materials upon request by the Authority. The Lead Agency shall retain the usual rights of the owner of a public contract including the authority to approve changes and make payments. However, any changes to the Project which would result in the final project cost deviating, by ten or more percent, from the Authority's budget amount for the Project, must be approved by the Authority in advance of those changes being made, regardless of the fact that the Authority will not be paying for them.
- c. The Lead Agency shall be responsible for all traffic management, including public notification, during construction of the Project.
- d. The Lead Agency shall operate and maintain the improvements during and after

completion of construction.

- e. The Lead Agency shall also require its contractors to name the Authority as an additional beneficiary in any performance and payment related assurances posted for the Project.
- i. The Lead Agency shall be responsible for preparing and submitting to the Authority, within the first week of each month or as otherwise specified herein, invoices for payment signed by a duly authorized representative of the Lead Agency and which include sufficient background information documenting payments made to contractors, vendors or any other eligible costs identified in this Agreement or the RTA's Administrative Code. The Lead Agency must retain and certify all vendor receipts, invoices and any related Project records as needed and ensure that they are available for review for a minimum of five (5) years after final payment is made unless otherwise specified herein.

5. Responsibilities of Authority.

Upon receipt of authorized payment requests, the Authority shall convey to the Lead Agency RTA funds in the amount specified in Exhibit A on a reimbursement basis unless otherwise specified herein. All payments and reimbursements shall follow the policies outlined in the RTA's Administrative Code.
- b. Reimbursements will generally be based on the Project schedules established by the Lead Agency and contained in Exhibit A.

- c. The RTA staff will review all payment requests to confirm that the request is for reimbursement of costs incurred by the Lead Agency for the Project. If the Authority determines that additional information is needed, the Lead agency will be notified of the request for additional information within five days of the receipt of the invoice by RTA.
- d. Upon approval of the request by RTA, the invoice will be processed for payment within ten working days of the invoice submittal.
- e. RTA shall provide all necessary cooperation and assistance to its fiscal agent to process all payment requests from the Lead Agency.

6. Termination. Either party may terminate this Agreement for material breach of the Agreement by the other party. Prior to any termination under this paragraph, the party allegedly in default shall be given written notice by the other party of the nature of the alleged default. The party said to be in default shall have forty-five days to cure the default. If the default is not cured within that time, the other party may terminate this Agreement. Any such termination shall not relieve either party from liabilities or costs already incurred under this Agreement.

8. Construction of Agreement.

- a. Entire agreement. In the event that any provision of this Agreement is declared invalid or void, the parties agree to meet promptly upon

request of the other party in an attempt to reach an agreement on a substitute provision.

15. Force Majeure. A party shall not be in default under this Agreement if it does not fulfill any of its obligations under this Agreement because it is prevented or delayed in doing so by reason of uncontrollable forces. The term "uncontrollable forces" shall mean, for the purpose of this Agreement, any cause beyond the control of the party affected, including but not limited to failure of facilities, breakage or accident to machinery or transmission facilities, weather conditions, flood, earthquake, lightning, fire, epidemic, war, riot, civil disturbance, sabotage, strike, lockout, labor dispute, boycott, material or energy shortage, casualty loss, acts of God, or action or non-action by governmental bodies in approving or failing to act upon applications for approvals or permits which are not due to the negligence or willful action of the parties, order of any government officer or court (excluding orders promulgated by the parties themselves), and declared local, state or national emergency, which, by exercise of due diligence and foresight, such party could not reasonably have been expected to avoid.
